Matt -- FYI below. OAQPS has gone through a couple of information requests with them since the WM letter was issued; the last information from Entsorga was received during the shutdown on October 17. When I spoke to OAQPS on Wednesday, they had not yet reviewed the latest submission.

Dear Mr. Barnes:

Over two years ago, [Entsorga](#) submitted data to the Agency showing that their proposed project meets all of EPA's "Legitimacy Criteria" as outlined in 40 CFR 241(3)(d). See letter to the Administrator attached.

Executives from the company will be in Washington November 5-8 and would like to schedule a meeting with you to discuss where their request is in the process, and what else we can do to help the Agency.

Thank you for your time and consideration. We look forward to hearing from you.

Sincerely,

Jonathan Birdsong

We are expecting to have the meeting as far as I know. I checked my BB and it appears that old messages have dropped off and I have nothing I can share (I'm out of town w/o full computer access). I'm bringing in Margaret, Betsy and the SAs in case they happen to have info they can share beforehand.
